Selected Links: Robotics

Links

Annotated Links on the Subject:

[Humanoid Robotics Group, MIT Artificial Intelligence Laboratory Cambridge, MA, USA](#)

Current research, future Work, humanoid robotics, introduction, publications.

[Nanorobotics, Center for Automation in Nanobiotech](#)

A new approach within advanced graphics simulations is presented for the problem of nano-assembly automation and its application for medicine.

[Robotics Research in Japan](#)

Collection of universities, institutes, groups and projects.

[Robot Information, Arrick, Hurst, USA](#)

On the internet, books and magazines for robot builders, robotics at universities.

[Robotics, Agent Modelling and Vision Research Groups and Resources, maintained by Uwe R. Zimmer](#)

[Robotics information page, Helsinki University of Technology, Finland](#)

General informations, robot galleries, robotics organizations, robot building pages, sensors.

[Robotics Lab Projects, Boston Dynamics, Cambridge, USA](#)

Maintained by Martin Buehler, Experience, projects, publications, media.
